1	I get printed mail from my child's classroom but choose to do school mail electronically. I have made it a habit to look at the school's mail weekly and click on district links. I feel like our lives are inundated with paper so like the electronic version. That being said, I feel like the paper version is more noticeable. I am a visual person so I can leave it out to make sure I don't forget to read it, or I can carry it with me to read anywhere.	11/12/2015 8:18 PM

26	No. I think it would be repetitious for families that have computer access at home (though I realize not all D46 families do). I'd like to see the cost of print mailings used elsewhere. :)	11/9/2015 12:20 PM

29	Yes, BUT... I hate to add cost to our district. Would rather see money used for teacher trainings and things that will benefit students at their schools.	11/9/2015 10:54 AM

CCSD 46 - Communications Survey 2015

30	Obtaining the information electronically is sufficient for me, but I believe that many families (especially those that are probably not responding to this survey), do not check Facebook, websites, or click on links in emails. You may reach a wider audience with paper copies - at least to some families.	11/9/2015 10:25 AM

33	Yes. I read emails and electronic newsletters, but I think others would benefit such as lower income families. I also think lots of people don't keep up with email because they receive so much.	11/8/2015 11:42 AM
34	no, BUT an email directing us to a computer version would be great. District newsletters WOULD BE a GREAT way to communicate with the district and help spread the word about what D46 is doing well and what goals they have set for areas that need work. This would be a good place to offer suggestions of what parents could do at home to help D46 meet those goals (read 20 min daily, do math facts games in the car while driving, help your kids become creative thinkers by asking them to explain why they feel an answer to something is correct, etc.)	11/6/2015 5:19 PM

10	More teachers with Web pages	10/6/2015 10:31 PM
11	It seems like the classroom teachers are always being asked to electronically forward along information to families from the office or PTO, which gives the classroom teacher more work. If you're looking to see how the communication can improve, is there a way that this can be given to you and you can send a mass email out to PV school families? Is this possible? Examples, just this week being asked to forward along PV Reading Night information or Red Ribbon Week information or it might be a reminder flyer for Culver's Nights. It's always forwarded to the classroom teacher to send along to families (another thing added to our plate).	10/6/2015 8:25 PM

1	You need to control costs and stop increasing our property taxes. There is little inflation, yet taxes continue to increase. Teachers and administrators do not deserve 3% raises or more, when on average the private sector is getting little to no raises. Pension reform is needed now rather than later. People are leaving Grayslake in part due to the outrageous school property taxes.	11/17/2015 10:22 AM
2	I like that the school board provides board briefs now.	11/12/2015 8:18 PM
3	My greatest concern is property taxes and how much of them are the schools actually getting	11/10/2015 7:37 PM
4	Concerned how D46 entice new teachers by paying their pensions etc.	11/10/2015 6:20 PM
5	I don't understand the boundaries of Grayslake residents with schools. Would love an explanation as well as timeline of when it will be reviewed next.	11/9/2015 6:21 PM
6	Maybe more uniformity with teacher websites. Many are outdated or only have partial info.	11/9/2015 4:52 PM
7	As much as you are trying to go green, I think sending the info home the old fashion way, before e-mail and social media, is the best way to go.	11/9/2015 4:08 PM
8	I find the website difficult to navigate and sometimes with old information. It could look a lot better and be easier to navigate with more relevant information on each school's homepage.	11/9/2015 12:36 PM
9	May I offer some social media love?? Your PR person has been doing a FANTASTIC job of promoting on Facebook all of the good things happening in the district. I started noticing this change in the fall of 2014, and it has really evolved nicely. I love the variety, the photos, and the information about community events that parents may find interesting. Photos around the district as the weather changes are always a nice touch. The best part: photos from school events that bring a spotlight to all the great work being done in D46. One outstanding recent example was the Flickr link that included hundreds of photos to Woodview's Fun Run in October, as well as a recent photo of standing desks at Avon. Just wonderful! Kudos! Thanks for all of your hard work. Krista Bean Woodview/Frederick/GMS parent	11/9/2015 12:20 PM

11	Better communication about discussions at board meetings. Give parents a taxpayers a chance to vote on issues rather than the board deciding everything.	11/9/2015 11:24 AM
12	Thank you for installing air conditioning at Meadowview School.	11/9/2015 10:54 AM
13	I think newsletters should be embedded in the text of the email rather than a link. I know many people (myself included) don't click on the link when scrolling through their email quickly and often forget to go back to open it later.	11/9/2015 10:25 AM

15	We get WAY TOO MUCH paper on a daily basis in our kids folders; it seems like a lot of waste. Have you ever heard of Remind? It's a way to push out reminders to families via text or email. I'm a teacher and I use this all the time. Saves a lot of wasted paper & reminders can be pre-programmed. Example: you can send out a text message stating "Don't forget, Cubs Day is tomorrow" or "send Halloween Costumes tomorrow" or "don't forget our field trip is tomorrow; bring a sack lunch", etc.It can be messages sent to all parents from the district office, the principal can create a Meadowview account. Individual teachers at Meadowview can create their own accounts just for sending out specific classroom reminders. Educators can create their account and give the access code to whomever they like (perfect to give out at Back to School Night or anytime an account is created). It's REALLY SIMPLE & will save a bunch of wasted paper. I receive positive feedback from all my parents about using remind. It's FREE for educators which we all love! Please look into this.	11/8/2015 1:05 PM
16	D46 ISAT test scores are horrendous per the Illinois Report Card. D46 is 69% meet/exceed, Libertyville is 84% meet/exceed, and Lincolnshire is 93% meet/exceed. LVille and LShire are very different than GLake but they are very similar in that we all are careful with finances to stay on budget. THANK YOU FOR MOVING OUR DISTRICT FORWARD WITH VISION AND PURPOSE.	11/6/2015 5:19 PM

17	All school info, including PTO and fundraisers should be on district website, Facebook and Twitter. Stop with the paper please.	11/6/2015 4:38 PM
18	I find it very difficult to find events on the website. Things should be more obvious. I received a flyer mentioning the reading night for WV, but then it got thrown away and then I go to the WV page it isn't listed on the calendar on the front page. I had to dig for it. This happens a lot with things like science night and other events.	11/5/2015 1:11 PM
19	I'd like to see fewer papers sent home. All information should be electronic. I can read information when I'm at work. I don't always have time to go through the backpacks and read every slip of paper.	11/3/2015 6:42 PM
20	Need email Infinite campus grade and assignment notifications. Not every parent has a smart phone they can load the app on and it is very difficult to navigate the IC app.	11/2/2015 10:37 AM

23	People who do not have children in the school district may appreciate a newsletter detailing whats new in the district. This may help to justify the property taxes. Often all people hear are negatives, when there is a lot of positive things happening in our schools!	10/21/2015 1:00 PM

36	Thank you for providing really good information for our community. The Facebook administrator, especially, has a finger on what's going on in the community and helps keep people up-to-date with relevant information. I also think the "Board Briefs" are great.	10/5/2015 2:20 PM
