The focus of the Raising Resilient Young Adults presentation is to teach parents to shift their thinking based on their goals. Parents will learn to focus their reactions to process goals versus outcome goals. Parents will learn how to help children come out of their comfort zone, deal with making mistakes, accept criticism as part of the learning process, as well as take risks that may result in failure.

This is a FREE program open to the community.
Childcare for school age children will be provided. Children must be potty trained.
To reserve a childcare spot, please call Leah at 847-543-6225, or register online: bit.ly/D46ResilientYoungAdults
