* One must meet additional requirements to teach at the 9th grade level.

** One must hold an Early Childhood Special Education Approval in order to teach in an Early Childhood Special Education Classroom.
Professional Teaching Certificate Levels

Initial Level: Issued to new teachers and registered for four years at a time, the Initial Certificate is valid until four years of teaching have been obtained and expires on June 30 of the fourth year of experience. Initial Certificate holders must complete one of the professional development options for obtaining a Standard Certificate during the time they hold the Initial Certificate.

Standard Level: Initial Certificate holders must qualify for the Standard level once they have completed four years of teaching on an Initial Certificate. Educators who held four-year Standard Certificates prior to the statutory change that took effect in 2000 were issued new five-year Standard Certificates subject to renewal requirements when they next registered their certificates. The Standard Certificate is valid for five years and is renewable at the end of each registration period. Standard Certificate holders must complete continuing professional development requirements by the end of each registration period to renew the certificate for another five-year period. Once teachers obtain a Standard Certificate, any subsequent teaching certificates issued to them will also be Standard level. Teachers from other states with four years of teaching experience on a valid, comparable certificate are eligible to apply for a Standard Certificate.

Master Level: Valid for 10-year periods, the Master Certificate is issued to persons who have met the standards of the National Board for Professional Teaching Standards (NBPTS). The renewal requirement for this certificate is the same as the requirement for the five-year Standard Certificate. There is no application fee or testing requirement for the Master-level certificate, and it is renewable on the same basis as a five-year Standard certificate as long as one maintains his or her NBPTS standing. Applicants should use ISBE Form 73-03E to apply for a master certificate.

III. Requirements for Applicants Prepared in an Illinois Institution:

General information regarding application procedures is available on ISBE’s Educator Certification Web site at http://www.isbe.net/certification.

A. Traditional program graduates must:

Complete ISBE Form 73-03C or ISBE Form 73-03D. Then submit in one of the following formats:
Note: Nothing in this document supersedes statute or rules that are in effect at the time of application. While these requirements were in effect at the time this document was posted on the ISBE Web site, there will be significant rule changes with various dates of implementation when Public Act 097-0607 becomes effective.

- Submit the paper application and required fee to a regional superintendent of schools, or send directly to ISBE at the address provided at the top of the application form.
- Go on-line to the Educator Certification System (ECS), and have the certificate issued by following the instructions and using a credit card.

Note: Applicants who must answer “Yes” to any of the legal questions or who cannot sign the child support payment question must provide additional information to ISBE and may not apply online.

B. Alternative program graduates complete certification in a two-step process.

1. Applicants who complete an alternative certification program or an alternative route program must first obtain a provisional alternative certificate valid for one year of teaching for the grade level of the program.

To obtain this certificate, applicants use ISBE Form 73-01. Both the alternative route and alternative certification programs require teachers to obtain employment in a school district for a year while using the provisional alternative certificate. During this time they are treated as fully qualified teachers and provided with mentoring and professional development. At the end of the year, each candidate’s performance is evaluated.

If the experience is considered successful, and if the institution recommends them, candidates in the alternative certification program may obtain the Initial Alternative Teaching Certificate, in one of two ways:
- By applying on ECS.
- By completing and submitting application ISBE Form 73-01 through their regional office of education.

If the experience is considered successful, and if the institution recommends them, candidates in the alternative route program may obtain the Initial Teaching Certificate in one of two ways:

- By applying on ECS.
- By completing and submitting ISBE Form 73-03C through their regional office of education.

2. Candidates may no longer be admitted to resident teacher programs effective September 1, 2011. Candidates admitted prior to that date are eligible to obtain a Resident Teacher Certificate valid for four years for the grade level and subject of the program completed. They can apply on ECS or on ISBE Form 73-03C once the institution has recommended them for the certificate. During this four-year period of time, the candidates undergo mentoring under the direction of a certified teacher. (Resident teachers may not teach in place of a certified teacher.)
Note: Nothing in this document supersedes statute or rules that are in effect at the time of application. While these requirements were in effect at the time this document was posted on the ISBE Web site, there will be significant rule changes with various dates of implementation when Public Act 097-0607 becomes effective.

At the end of the four years and upon successful completion of a master’s degree, the candidates who complete all requirements will be **recommended by their university for a Standard Teaching Certificate.**

**IV. Requirements for Applicants Trained or Certified as Educators in Another State**

*General information regarding application procedures is available on ISBE’s Educator Certification Web site at [http://www.isbe.net/certification](http://www.isbe.net/certification).*

A. All coursework must be taken from a regionally accredited institution and appear on an official college or university transcript.

B. Applicants from other states who have completed approved teacher, administrator, or school service personnel education programs in their states, or who hold out-of-state certificates comparable to the certificates they wish to obtain in Illinois, may be eligible to obtain Illinois certificates when they:

1. Are of good character.
2. Have a bachelor's degree.
3. Have completed pre-student teaching field experience.
4. Have completed student teaching.*
5. Have completed coursework addressing the psychology of, the identification of, and the methods of instruction for the exceptional child, including without limitation, the learning disabled child.
6. Have a major specified on the transcript appropriate to the certificate sought (early childhood education, elementary education, art, music, etc.) or have 32 semester hours in content appropriate to the certificate sought.
7. Have passed the Illinois Basic Skills test, appropriate content-area test(s), and the assessment of professional teaching test required for the grade level of the certificate.**
8. Apply for a provisional certificate using ISBE Form 73-63.***
9. Have a grade of “C“ or higher in content-area course work leading to endorsements and professional education. This rule begins with applications received on or after February 1, 2012.

*Waiver Provided: Student teaching must be granted as credit on an official transcript from a regionally accredited four-year institution of higher education. Those without student teaching credit may obtain a waiver of student teaching when they present proof of one year of teaching experience on a valid teaching certificate.
**Testing Exemption**: Applicants who hold a valid out-of-state certificate that is comparable to the certificate sought in Illinois will be considered to have passed a test of basic skills and will be exempt from the Illinois Basic Skills test unless they have taken and failed the Illinois Basic Skills test in the past. Note: This exemption will expire when the new licensure system goes into effect. See Public Act 097-0607 for additional information. Visit the ICTS Web site for additional testing information.

***Provisional Certificate**: Applicants who hold valid, comparable certificates from another state or country may be issued a provisional certificate when an evaluation indicates the applicant has some deficiency that must be removed before the regular certificate may be issued. Provisional Certificates for Elementary, Early Childhood, Secondary, Special, School Service Personnel, and Administrative Certificates are valid for a minimum of two full fiscal years, with the first fiscal year ending on June 30 following the issue date.

Applicants must pass all required tests to obtain a provisional license. Individuals with testing deficiencies who pass the tests and remove all other deficiencies by June 30 following the date of issue can exchange their provisional certificates for regular certificates without submitting an additional application or fee. If all deficiencies are not removed by the end of the first fiscal year, a new application and fee will be required for the regular certificate to be issued when all deficiencies have been removed. Applicants will be subject to current rules, including testing requirements, when the new application is submitted.

Requirements for Provisional Certificates will change when the new licensure goes into effect.

C. See Certification Information for Out-of-State Applicants for checklist of requirements.

**Certification Information for Out-Of-State Applicants**

This checklist will assist you in assembling the documents necessary to complete the application process for an Illinois educator certificate. Without these documents the application process may be delayed.

V. Certification for Individuals Educated in Countries Outside of the United States

General information regarding application procedures is available on ISBE’s Educator Certification Web site at http://www.isbe.net/certification.

Before we can evaluate foreign transcripts, applicants who have received their professional education in another country must have their transcripts reviewed by one of the foreign credential evaluation services listed on our website. See Approved Sources for Foreign Credential Evaluations.

We will not accept evaluations completed by other organizations. The evaluation must be detailed and list each course completed with its semester hour equivalence. It must also include a statement regarding degree equivalence. Applicants must take the original foreign credential evaluation report and all original, foreign credentials including transcripts to their regional office of education. That office must provide written confirmation to ISBE that they made copies from the original foreign language documents and the original foreign credential evaluation report. City of Chicago applicants should submit their original documents to Sonia Serrano at the Chicago office of the ISBE at 100 West Randolph Street, Suite 1400, Chicago, IL 60601.
Note: Nothing in this document supersedes statute or rules that are in effect at the time of application. While these requirements were in effect at the time this document was posted on the ISBE Web site, there will be significant rule changes with various dates of implementation when Public Act 097-0607 becomes effective.

According to state law, applicants must have a bachelor’s degree and 120 semester hours of college credit for any of the teaching certificates. A bachelor’s degree means the equivalent of a United States bachelor’s degree.

VI. Subsequent Illinois Teaching Certification by Transcript Evaluation

*General information regarding certification procedures is available on ISBE’s Educator Certification Web site at [http://www.isbe.net/certification](http://www.isbe.net/certification).*

A person with a valid secondary certificate may receive a Special K-12 Certificate by submitting ISBE Form 73-03C, fee, and evidence of the following:

- Passage of the Illinois Basic Skills test.
- Passage of the applicable Illinois content-area test.
- Passage of the appropriate APT (Assessment of Professional Teaching) test.
- An official transcript verifying either a major in the content area or 32 semester hours of coursework in the content area in order to construct a major.

An endorsement valid for the grade level of the certificate shall be affixed to the certificate and reflect the area in which the individual has completed a major area of specialization.

The holder may then seek a supervisory endorsement by submitting the fee and ISBE Form 73-52 through the ROE or online at [https://sec1.isbe.net/ecs/](https://sec1.isbe.net/ecs/).

VII. Endorsement of Teaching Certificates

*General information regarding certification procedures is available on ISBE’s Educator Certification Web site at [http://www.isbe.net/certification](http://www.isbe.net/certification).*

**Endorsements**

An endorsement is affixed to a certificate and identifies the specific subjects or grade levels that the certificate holder is authorized to teach.

*Illinois Elementary and Secondary certificates must be endorsed at the time of issuance in all subjects for which the holder meets applicable requirements.*

- These endorsements indicate the subjects that the teacher is qualified to teach and may be issued at various grade levels.

- Teachers are not required to be endorsed in every subject for which they are qualified, and they may continue to be placed in assignments where they met previous requirements for the subject, provided the requirements were in effect at the time the teacher met the requirements and held the required certificate.
Note: Nothing in this document supersedes statute or rules that are in effect at the time of application. While these requirements were in effect at the time this document was posted on the ISBE Web site, there will be significant rule changes with various dates of implementation when Public Act 097-0607 becomes effective.

- Special certificates must be endorsed for the grade level of the certificate upon issuance in the area of specialization, but they may also have endorsements added at other grade levels.

Subsequent Endorsements

Universities may award subsequent endorsements in a manner similar to when they recommend issuance of an initial teaching certificate.

Applicants may also apply for subsequent endorsements by submitting ISBE Form 73-52 either online through ECS or through their Regional Office of Education.

Adding Endorsements to a Certificate

Choose one of the following procedures to apply:

- Complete ISBE Form 73-52, file the application and fee with one’s regional superintendent of schools, and attach official transcripts in the sealed envelope as they were received from the college or university.

- Apply on-line through ECS and pay fee with credit card. Request that colleges and universities submit all official transcripts directly to ISBE.

- Once the notification for endorsement has been entered in the ECS account, the applicant may apply on-line.

The applicant may apply for one endorsement subject/grade level for each endorsement application and may confirm issuance of the additional endorsement by checking the ECS account. Each applicant who does not qualify for issuance of an endorsement will receive a deficiency letter indicating what requirements must be met in order to have the endorsement issued. The endorsement evaluation is valid for one calendar year.

Endorsement applications for Self-Contained General Education, Reading Specialist, and Reading Teacher (if recommended by an institution with a Reading Specialist program) will require the signature of the certification officer and the institution’s official seal on ISBE Form 73-52.

Current Endorsement Requirements through January 31, 2012

Endorsement Requirements Effective February 1, 2012

Note: Nothing in this document supersedes statute or rules that are in effect at the time of application. While these requirements were in effect at the time this document was posted on the ISBE Web site, there will be significant rule changes with various dates of implementation when Public Act 097-0607 becomes effective.

Notes: Endorsements are designed to meet the NCLB requirements for all core academic subjects. However, secondary endorsement requirements do not meet the NCLB requirements for highly qualified teachers unless a test or major area of concentration was completed.

The applicant must meet one of the following requirements:

- Have a major in the content area, either indicated on the transcript or demonstrated by having a total of 32 semester hours in the content area.

- **Pass a content-area test in the endorsement area and have at least 24 semester hours of course credit in the content area.**

Note: Endorsement requirements will change effective February 1, 2012.

**VIII. Requirements for Assignment**

*General information regarding certification procedures is available on ISBE’s Educator Certification Web site at [http://www.isbe.net/certification](http://www.isbe.net/certification).*

**a) Assignment to Teaching Positions**

Assignment to a teaching position generally requires that the teacher have a certificate valid for the grade level and hold the requirements for teaching the subject at that grade level.

**Primary-level teachers**

Teachers at the primary (early childhood K-3 or elementary K-4) level must hold a certificate appropriate to the grade level and must also have formal training in each subject taught.

**Middle School teachers**

Teachers at the middle school level (elementary 5-8 or secondary 6-8) may teach in a self-contained or departmentalized setting. A teacher assigned to a self-contained classroom for part of the day and then assigned to teach a specific subject or subjects outside of that classroom is serving in a departmentalized situation. The teacher needs to hold a certificate valid for the grade level and must comply with the middle grades requirements for the departmentalized subject, or the individual must have met prior requirements.

**Secondary-level teachers**

Districts have options for assignment of appropriately certified staff to teaching positions. Teachers must meet one of the following requirements:
Note: Nothing in this document supersedes statute or rules that are in effect at the time of application. While these requirements were in effect at the time this document was posted on the ISBE Web site, there will be significant rule changes with various dates of implementation when Public Act 097-0607 becomes effective.

- Hold the endorsement for that subject
- Have been granted authorization for the assignment for an otherwise unfilled position (authorization valid for three fiscal years)
- Have met the previous requirements for the endorsement

Teachers who hold endorsements in English/Language Arts, Family and Consumer Science, and Business Marketing and Computer Education may teach all subjects within those broad fields.

Teachers who hold endorsements with the designation in the Sciences or Social Sciences may teach all subjects in the broad field at the general level and may teach courses in the designations at the advanced placement or honors levels.

### b) Authorization to Employ Teachers in Positions Otherwise Unfilled

Districts that find it impossible to fill a position (that is not a special education position) with a teacher meeting the requirements for assignment may assign an individual provided the following requirements are met:

a. Short-term authorization shall be issued only when the individual identified by the employing entity does each of the following:
   1. Holds an initial, standard, or master teaching certificate that is valid for the grade level of the proposed assignment.
   2. Has successfully completed at least nine semester hours of coursework in the subject area to be taught.
   3. Has filed the statement of intent called for in (b) (6) below.

b. The employing entity shall file ISBE Form 73-96 with the regional superintendent and include the following:
   1. A description of the vacant position, including the subject area and the grade level.
   2. Evidence of inability to fill the position with a fully qualified individual.
   3. A statement that the employing entity has not honorably discharged anyone in the past year that was fully qualified for the position.
   4. The name and IEIN of the individual the entity wishes to employ for the position.
   5. A written assurance that the district will provide the teacher to be employed with mentoring and high-quality professional development each year in the subject area to be taught.
   6. A written assurance provided either by an institution of higher education or the individual to be employed that the requirements for the endorsement will be completed within three years.
c. ISBE shall issue to the employing entity a letter granting short-term authorization for the named individual to teach in the specific position for which the application was made.

- Such a letter shall constitute an authorization to the employing entity and not a credential issued to the individual. As such, it shall not be transferable to any other individual, employing entity, or teaching assignment.
- Each employing entity that receives an authorization shall maintain the approval letter on file and make it available for inspection by representatives of the State Board of Education upon request.
- Short-term teaching authorization shall be issued with respect to a specific school year and shall expire on June 30 of the third school year following the date of issuance.
- After the end of the validity of authorization received, the individual shall not be eligible to teach in the subject area for which approval was granted unless he or she has received an endorsement for that subject.

Provisional Certificates

Applicants from other states who hold out-of-state certificates with comparable endorsements may obtain a provisional teaching, administrative, or school service personnel certificate valid for two full fiscal years, with the first year ending on June 30 following the issue date. The holder of a provisional certificate should use this time period to complete testing requirements and remove other deficiencies found during the evaluation.

Individuals who hold valid, comparable certificates from other states will be exempt from taking the Illinois Basic Skills test, unless previously failed, but must take the content test. Note: When Public Act 097-0607 becomes effective, no exemption will be available for the Illinois Basic Skills test. All required ICTS tests must be passed before the credential can be issued.

IX. School Service Personnel Certificates

*General information regarding certification procedures is available on ISBE’s Educator Certification Web site at [http://www.isbe.net/certification](http://www.isbe.net/certification).*

These certificates include:

- School Social Worker
- School Counselor
- School Psychologist
- School Nurse
- Speech/Language Pathologist (Non-Teaching)
Note: Nothing in this document supersedes statute or rules that are in effect at the time of application. While these requirements were in effect at the time this document was posted on the ISBE Web site, there will be significant rule changes with various dates of implementation when Public Act 097-0607 becomes effective.

School service personnel certificates are valid for five years and may be renewed upon registration. Each certificate is endorsed for an area of service for which the holder is qualified: School Social Worker, School Nurse, School Counselor, School Psychologist, or Speech-Language Pathologist (Non-Teaching). Individuals who hold only school service personnel certificates may not be employed as teachers and cannot serve as substitute teachers. Individuals completing an Illinois approved program for one of these certificates should apply online through ECS.

Those who must answer one of the application questions in the affirmative or those who cannot sign the child support statement must apply through a regional office of education or ISBE by using ISBE Form 73-03D.

Applicants from other states should complete ISBE form 73-03D and submit through a regional office of education or send the application to ISBE.

Effective February 1, 2012, all professional education and content-area coursework required for the issuance of a certificate, endorsement or approval must have been passed with a grade of no lower than a “C” or the equivalent.

Note: Nothing in this document supersedes statute or rules that are in effect at the time of application. While these requirements were in effect at the time this document was posted on the ISBE Web site, there will be significant rule changes with various dates of implementation when Public Act 097-0607 becomes effective.

A. General Instructions for Applying for a Certificate

- Complete the application for certificate form appropriate for the type of certificate sought ISBE Form 73-03C or ISBE Form 73-03D.
- File the application and fee with your regional superintendent of schools, and include all of the following:
  - Official transcripts* of all your coursework showing a degree and a major.
  - Either a completed ISBE Form 73-05 and/or a copy of your other state's current and valid certificate.
  - A letter of experience on official school letterhead signed by your district superintendent or other authorized district official.

*To be considered official, transcripts must be submitted in the sealed envelope from the college or university or be sent directly by the institution to the regional office of education or ISBE. Transcripts received that are not in a sealed envelope from the university or sent directly from the university will be considered unofficial and cannot be used for evaluation purposes.

- Applicants who must answer “Yes” to any of the legal questions and those who cannot sign the child support payment question must provide additional information to ISBE.
- On January 1, 2012, certificate application fees will increase to $75 per application.

B. General Instructions for Registering a Certificate

Illinois law requires that all certificates must be registered with a regional superintendent of schools. See the ROE Directory for contact information. Please be advised that ISBE serves as the regional office for certified employees of Chicago public schools. Certificates may be registered at a regional superintendent's office or they may be registered on-line on our ECS system using a credit card. Each certificate has a specific validity period; the registration fee is computed at $5 per year of the validity period.

- One registration fee applies to all certificates held in all regional offices; however, until January 1, 2012, persons who hold substitute certificates must pay a separate registration fee to each regional superintendent with whom they register.
- No certificate may be registered beyond its next renewal date.
- When persons hold more than one type of certificate with varying renewal dates, the fees required for registration and the time period of registration for the certificates will vary according to the certificate selected for the basis of registration.
- The renewal dates of all Standard certificates held by the same person will coincide with the renewal date of the first Standard certificate received.
The renewal dates of certificates of individuals who hold both Standard and Master certificates will coincide with the renewal date of the Master certificate.

Administrative certificates will also align to the same renewal date as any previously issued Standard or Master Certificate.

On January 1, 2012, registration fees will increase to $10 per year.

C. Certificates That Are Not Registered or Renewed

Certificates that are not registered for more than six months are considered to have lapsed. The status of "lapsed certificate" also applies to persons who fail to complete the required continuing professional development for a Standard, Master or Administrative certificate or who fail to complete one of the options for moving from an Initial to the Standard certificate.

All certificates not renewed will lapse after a period of six months from the expiration of the last year of registration. Questions regarding this type of lapsed certificate should be directed to Educator Certification at 217-557-6763.

To reinstate certificates, one may renew by providing proof on an official transcript that the holders have earned, within the five-year period immediately prior to the year of reinstatement, nine semester hours of college credit from one or more regionally accredited institutions of higher learning in the content area that most aligns with the educator’s endorsement area(s).

Note: To be official, transcripts must be submitted in the sealed envelope from the college or university or be sent directly by the institution. Transcripts received that are not in a sealed envelope from the university or sent directly from the university will be considered unofficial and cannot be used for evaluation purposes.

XIII. Application Background Questions

For detailed information, see the ISBE Educator Certification Web site at http://www.isbe.net/certification.

The application you complete for the certificate has several questions requiring that you respond "Yes" or "No." See the following list.

Questions on Application Forms:

1. Have you ever had a certificate denied, suspended or revoked in Illinois or any other state?
2. Have you ever been convicted of a felony, or any sex, narcotics or drug offense in Illinois or any other state?
3. Have you failed to file a tax return with the Illinois Department of Revenue, or failed to pay any tax, penalty, or interest owed or any final assessment of same for any tax as required by law administered by that Department that was not subsequently resolved to the Department’s satisfaction?

4. Have you ever been named by a state agency responsible for child welfare as a perpetrator in an indicated report of child abuse or neglect if such report was not reversed after exhaustion of any appeal?

5. Are you in default on an Illinois student loan for which you have failed to establish a satisfactory repayment plan with the Illinois Student Assistance Commission?

Individuals who answer “Yes” to any of these questions must provide a detailed explanation of the situation. These cases will invariably result in some delay in determining the certification status of the applicant.

Certificate Denial, Suspension or Revocation

If individuals have had a certificate denied, suspended or revoked, they must provide a detailed explanation that includes the following:

- The name of the state where the action took place.
- The date of the action.
- The reasons for the action.
- A list of all penalties imposed.
- The date any penalty is lifted.
- An official statement from the appropriate agency that verifies that the certificate is in good standing (if the problem has been resolved).

Certification for Persons Who Have Been Convicted of a Crime

Unless you have been convicted of first degree murder, attempted first degree murder, a Class X felony or certain enumerated narcotics and sex offenses, you may be able to obtain an Illinois certificate. Each application is reviewed on its own merits with attention paid to evidence of good character and rehabilitation in light of the nature of the offense. There are specific rules (see 23 IAC 25.490 at http://www.isbe.net/rules/archive/pdfs/25ark.pdf) involved in these cases:

1. At least one year must have elapsed from the termination of sentence. This includes any incarceration or probation. If the official court record does not include the date of completion, then additional original documents are required.

2. You must provide a statement in your own words which describes the circumstances of the crime.
Note: Nothing in this document supersedes statute or rules that are in effect at the time of application. While these requirements were in effect at the time this document was posted on the ISBE Web site, there will be significant rule changes with various dates of implementation when Public Act 097-0607 becomes effective.

3. You must provide a certified copy of the court record of conviction.
4. You must provide three letters attesting to your good character and rehabilitation. The letters must:
   - Be written or typed on letterhead paper whenever possible.
   - Include contact information (address, email, phone number).
   - Be signed by the person who authored them.
   - Be written by employers (including current employers, if applicable), civic leaders, college instructors and others who have knowledge of the conviction and who are in a position to attest to your good character and rehabilitation. (Letters written by relatives are not acceptable and will not be considered.)
   - Indicate the author's knowledge of the offense in question.

These documents will be reviewed. A determination of whether to issue a certificate will be made on the basis of the degree to which the evidence of good character and rehabilitation outweighs the offense. You should also note that each school district is required to conduct a fingerprint-based criminal background check on every employee. Districts cannot hire individuals who have been convicted of certain offenses.

**Tax Problems**

Individuals who have tax problems with the Illinois Department of Revenue require:

1. A detailed explanation with the tax year included.
2. An official ITR-1 tax clearance form from the Illinois Department of Revenue (for disputes that have been resolved).

1. The DCFS report number and date.

3. The status of the DCFS report (indicated, unfounded, undetermined).
4. The results of any request to expunge, amend or remove the record.
5. Applicant’s full explanation of the circumstances of the incident.
6. Three letters attesting to the applicant’s good character.

We require three original letters attesting to the applicant’s good character. These letters must:

(Letters written by relatives are not acceptable and will not be considered.)
- Indicate the author's knowledge of the reported offense.

**Illinois Student Loan Defaults**

Affirmative responses require that the applicant provide proof from the loaning agent that there is a satisfactory arrangement in place for repaying the student loan.

**Child Support Statement**

The application complies with federal and state law in requiring **every applicant to sign** a statement that the applicant is not in arrears in child support payments. For the following statement, a separate signature and date are required by all applicants, whether they are parents or not:

“I certify, under penalty of perjury, that I am not more than 30 days delinquent in complying with a child support order. I understand that failure to so certify shall result in disciplinary action and making a false statement may subject me to contempt of court.”

3. Visiting International Teacher Certificate

School districts participating in teacher exchange programs and in other programs that recruit teachers from other countries to teach in their districts may require a Visiting International Teacher Certificate, valid for three years and non-renewable, in order to ensure the employee meets NCLB requirements for highly qualified teachers. This certificate may be issued for early childhood, elementary, secondary, and special grade levels. In order to qualify for this certificate, the district must be certain the teacher:

The foreign credential evaluation report must be completed by one of the acceptable sources listed on the ISBE web site at Approved Sources for Foreign Credential Evaluations.

Applicants for this certificate may request to be endorsed in their major, foreign language, and/or bilingual education. The foreign language and bilingual endorsement language designation would reflect the medium of instruction of the university from which the applicant graduated.

Individuals applying for this certificate must complete ISBE Form 73-03F. This form must be signed by the district superintendent. Submit the form along with a fee to the regional superintendent of schools.

The applicant must take all transcripts, including original foreign transcripts, to their regional office of education. XV. Certification Tests for Educators

Tests Required for Illinois Certificates

All applicants for early childhood, elementary, secondary and special teaching certificates and all applicants for school service personnel and administrative certificates are required to pass a test of basic skills and content knowledge applicable to the endorsement on the certificate sought. In addition, applicants for teaching certificates are also required to pass an Assessment of Professional Teaching (APT) test appropriate to the grade level of the certificate sought. Applicants for most special education certificates are required to take the Special Education General Curriculum test. Institutions of higher learning cannot waive certification tests.

Effective January 12, 2010, an individual may not attempt to pass the same ICTS test more than five times. Any previous test attempts for the same test made prior to that date do not count toward the five-time limit.

Those persons who attempt to pass examinations through deception will, when discovered, be denied all current and future requests for certification.

Basic Skills Test: The Basic Skills test assesses reading comprehension, grammar and writing, and mathematics. This test is required for all individuals seeking early childhood, elementary, secondary, special K – 12/Pre-K – age 21, administrative and school service personnel certificates. Individuals who pass the Basic Skills test and receive Illinois certificates based in part on passage of that test are not required to take the Basic Skills test for any subsequent Illinois certificates.

Unless the Illinois test was previously failed, a test waiver option for the Basic Skills test MAY apply to applicants with valid, comparable out-of-state certificates. ISBE makes the final determination regarding waivers. Note: When Public Act 097-0607 becomes effective, no exemption will be available for the Basic Skills test. Visit the ICTS Web site for additional information regarding testing.

Content-Area Tests: The content-area tests are aligned with the Illinois Learning Standards for the content area of each endorsement attached to a certificate. These tests are required for all individuals seeking early childhood, elementary, secondary, special K – 12/Pre-K – age 21, administrative and school
Note: Nothing in this document supersedes statute or rules that are in effect at the time of application. While these requirements were in effect at the time this document was posted on the ISBE Web site, there will be significant rule changes with various dates of implementation when Public Act 097-0607 becomes effective.

service personnel certificates. The content-area tests are also required for the issuance of some subsequent endorsements (see Endorsement Test Options). A listing of all content-area tests is available on the ICTS Web site.

Assessment of Professional Teaching (APT): The APT assesses candidates on professional and pedagogical knowledge and skills. The APT is available in four levels: birth to grade 3, grades K – 9, grades 6 – 12, and grades K – 12. The APT is required for early childhood, elementary, secondary, special K – 12/Pre-K – age 21 teaching certificates.

Special Education General Curriculum Test: The Special Education General Curriculum(#163) test is required for the following special education teaching certificates: Learning Behavior Specialist I, Teachers of Students with Deafness/Hard of Hearing, Teachers of Students with Blindness/Visual Impairments, and Speech and Language Pathologist: Teaching.

Language Proficiency Tests: The language proficiency tests are for individuals seeking transitional bilingual certificates, endorsements, or approvals. The language proficiency tests target specific languages other than English. A test of language proficiency is required unless the applicant received a degree from an institution where the target language was the medium of instruction. A test in English Language Proficiency is required unless the applicant received a degree from an institution where English was the medium of instruction. A listing of all language proficiency tests is available on the ICTS Web site.

*Individuals completing state-approved traditional or alternative certification programs through Illinois institutions are also subject to certification testing requirements. Those candidates should contact the certification officer at their institution regarding testing requirements and timelines. See the ICTS Web site for additional information regarding certification testing.
Note: Nothing in this document supersedes statute or rules that are in effect at the time of application. While these requirements were in effect at the time this document was posted on the ISBE Web site, there will be significant rule changes with various dates of implementation when Public Act 097-0607 becomes effective.
