CCSD 46
Summer Academy

Monday – Thursday
June 13 – July 7
at Frederick School
Grades- Current Kindergarten through current 8th grade.

Dates- Classes will be held June 13 – July 7th with no school on Fridays or July 4th.

Times- 1st period 8:15-9:25, 2nd period 9:30-10:40, 3rd period 10:45-11:55

Eligibility- The program is open to all District 46 students who could benefit from remedial courses or who wish to participate in enrichment courses.

Transportation- Transportation is the responsibility of the parent(s). Bus service is not available for the Summer Academy.

Attendance Policy- Consistent attendance is recommended throughout the summer academy program. Teachers will plan activities and prepare materials based on enrollment. Attendance will be taken just as during the regular school year.

Course Cancellation- District 46 reserves the right to cancel any course that does not meet minimum enrollment requirements.

Confirmation- Students and Parents will receive course confirmation by the first week of June.

Registration- Early registration is encouraged. Classes will be filled in the order in which the registrations are received. Registrations can be mailed or delivered through your child’s campus to Park Campus, 400 West Townline Road, Round Lake, IL 60073. No phone registrations will be accepted.

A student’s current grade level is used to registrar for Summer Academy.

Tuition- There is a tuition fee of $85.00 for each class. $80.00 if received by April 21.

Refunds- There will be no refunds given after June 15, 2011.

Information- For additional information, please contact Susanne Kolb (kolb.susanne@d46.k12.il.us) or David Dinsmore (dinsmore.david@d46.k12.il.us).
Second Helping Classes

Second Helping Reading: Students will continue to develop and improve their basic reading, comprehension, and writing skills. Wilson and Read Naturally programs may be included in these classes.

1. Grades 1-2  Time 10:45-11:55  Traiforos
2. Grades 3-4  Time 10:45-11:55  Sassetti
3. Grades 5-6  Time 10:45-11:55  Mauro
4. Grades 7-8  Time 8:15-9:25  Corey

Second Helping Math: Students will continue to develop and improve their basic math skills through the use of manipulatives, games, and activities.

1. Grades 1-2  Time 8:15-9:25  Sibigtroth
2. Grades 3-4  Time 8:15-9:25  Walker
3. Grades 5-6  Time 9:30-10:40  Furlan
4. Grades 7-8  Time 9:30-10:40  Corey

Pre-Algebra Class: This class is for students entering 7th and 8th Grade next fall. Students may only take this class if recommended by a teacher.

1. Grades 7-8  Time 8:15-10:40  Voss

8:15-9:25 Enrichment Classes

K-2 Fairy Tales Spotlight  Gheysen
Do you like fairy tales? Do you sometimes wonder what if things happened differently? Come join us for a fun look at fairy tales! We’ll read a variety of tales, including some fractured ones, and do activities and art projects each day. We’ll even write out own modern fairy tale!

K-2 Exploratory Music-Drums, Xylophones, and Steel Pans  Smith
Students will perform on classroom instruments, learn about various musical cultures, play musical games, create music with Garage Band, and strengthen their current musical skills. Students must already know how to read music to participate and/or be taking musical lessons (band) in or outside of school.

K-2 Reader’s Theatre  Dolan
We will be reading different reader’s theater scripts and learning how to interact with other characters, making props and costumes. We will focus on one script toward the end of the session and put on a mini performance!
<table>
<thead>
<tr>
<th>Class</th>
<th>Instructor</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>K-5 Cheerleading</td>
<td>Bavaro</td>
<td>A fun class to learn and improve your cheer skills! Class will involve a combination of cheer and dance. This class will also incorporate jumps, motion technique &amp; mini cheer routines. Focus on skills, synchronization, and most importantly….teamwork!</td>
</tr>
<tr>
<td>1-2 Math Games Galore</td>
<td>Wake</td>
<td>Students will have the opportunity to keep up with their math concepts they learned during the school year, while playing math games.</td>
</tr>
<tr>
<td>1-3 Smooth Sailing</td>
<td>Traiforos</td>
<td>Practice is the key to success and that is the emphasis of this class. The goal of reading fluency instruction is to help students read with greater accuracy and speed, which places more emphasis on comprehending and less on decoding. Computers will be used during this class.</td>
</tr>
<tr>
<td>1-3 Board Games</td>
<td>Bassett</td>
<td>Do you like checkers, Go Fish, and other games. Then this is the class for you. We will play a variety of board games and card games. Do you have a favorite at home? Bring it in and we can play that one too.</td>
</tr>
<tr>
<td>2-4 Diary of a Wimpy Kid</td>
<td>Stone</td>
<td>Join us as we explore the world of Greg Heffley and <em>Diary of a Wimpy Kid</em>. Activities include creating posters, comic strips, board games, your own DWK journal, and plays. We will investigate characters in the books and the types of things they like to do!</td>
</tr>
<tr>
<td>3-4 Computer Club</td>
<td>Coate</td>
<td>Come share your computer game skills with others! Students will be exploring the Internet for educational games and blogging about those games with classmates. You will use the blog to introduce, write reviews and rate games. Let’s have fun online!</td>
</tr>
<tr>
<td>3-5 Reader’s Theatre</td>
<td>Mayer</td>
<td>Join us for an opportunity to participate in reader’s theatre. Not only will you perform a reader’s theatre, but you will write your own to share with the class! We will practice our reading fluency as well as work on developing plot, setting, characters, and theme within our own writing.</td>
</tr>
<tr>
<td>3-5 Volleyball</td>
<td>Peterson</td>
<td>Come and play the exciting game of volleyball. We will work through drills to improve our skills. We will focus on our serve and how to make it over more consistently. We will also play actual games.</td>
</tr>
<tr>
<td>3-5 Journey Around the World</td>
<td>Grazier</td>
<td>Students will have the opportunity to learn about other parts of the Earth that are million miles away. Through the use of Google Earth, maps, and books, students will view multiple locations around the world. Students will research the places; learn about customs and traditions, and students in that country!</td>
</tr>

<td>--------------------------------------</td>
<td>-----------------</td>
</tr>
<tr>
<td>3-5</td>
<td>Novel Groups</td>
<td>Monaghan</td>
</tr>
<tr>
<td></td>
<td>Come and read a novel (or 2) and do book talks with friends. We will choose from a variety of books, read them and discuss in detail what we thought about the book. We will also do a culminating activity at the end of the novel! If you love to read, or would like more practice, this class is for you!</td>
<td></td>
</tr>
<tr>
<td>3-5</td>
<td>Basketball</td>
<td>Mauro</td>
</tr>
<tr>
<td></td>
<td>Class will teach rules and fundamental skills needed to understand and play the game. Class will include a variety of drills and games that will help students develop their skills based on their own individual skill levels.</td>
<td></td>
</tr>
<tr>
<td>3-8</td>
<td>Clay Mania</td>
<td>Heinz</td>
</tr>
<tr>
<td></td>
<td>Do you like making things with clay? This is the class for you! ALL NEW PROJECTS! We will be making all new projects this year (in case you took the class previously). Every student will also have a chance to try wheel throwing once. All the projects will be cooked in the kiln and glazed.</td>
<td></td>
</tr>
<tr>
<td>4-6</td>
<td>Knitting</td>
<td>Dufault</td>
</tr>
<tr>
<td></td>
<td>Learn to knit on a loom. You will be able to choose from a variety of fun yarns. You will learn how to make hats and scarves! If you are looking for a fun, relaxing class this summer, knitting is for you!</td>
<td></td>
</tr>
<tr>
<td>4-8</td>
<td>International Cooking</td>
<td>Speck</td>
</tr>
<tr>
<td></td>
<td>This class will be a fun way to learn geography through creating and sampling foods from around the world. We will work as a teams, and learning to be responsible for the cleaning, measuring, and preparing foods. The class will &quot;experience/visit&quot; such places like the Middle East and make Falafel and pita sandwiches, or Mexico and make tortillas from scratch, as well as salsa and guacamole, or Asian beefy Dumplings. The kids will love sharing their recipes with the rest of their friend’s and family.</td>
<td></td>
</tr>
<tr>
<td>5-8</td>
<td>Building for the Future</td>
<td>Sassetti</td>
</tr>
<tr>
<td></td>
<td>Interested in designing and building. How about designing and building catapults? Come try out your hand and see what you can create.</td>
<td></td>
</tr>
<tr>
<td>5-8</td>
<td>Screen-Writing: A Beginner's Guide</td>
<td>Sousa</td>
</tr>
<tr>
<td></td>
<td>Come and explore the many ways of writing a script for the movies! We will preview famous movies and then create our own scripts based on some of the storylines. If you have a creative imagination AND love the movies, then this class is for you!</td>
<td></td>
</tr>
</tbody>
</table>
5-8 Forensic Science (Class is two periods long)  
McRee
Students will learn to understand concepts of forensic science by doing activities to solve a mystery as they study forensic science lessons. The activities we will complete provide students with hands-on opportunities to apply science process skills as we learn forensic science techniques. The students will learn the basics of crime scene investigation, how to analyze print and trace evidence, ways to identify each individual (fingerprints, blood, DNA, facial reconstruction, handwriting, and voice identification), and the steps that are taken in bringing evidence to court.

5-8 What’s Your Style  
Lacroix
Everyone is unique in how they process information. It’s called your learning style. Come join us in figuring out how you learn best. What’s better than learning about you?

5-8 Fit Kids  
Mertel
Aimed for students to continue working on fitness levels to improve overall health and well being. Fun fitness activities to promote energetic and supportive atmosphere for all to enjoy.

6-8 Softball  
Goschy
Students will be able to learn fundamentals of the ultimate team game. We will learn aspects of fielding, batting, and moving runners along. Students will get the chance to practice their skills in recreational games. Students encouraged to bring their own glove.

6-8 Civil War A Southern Perspective  
Furlan
Students will explore, the reasons that the South found it necessary to secede from the Union, and will examine actual texts from Jefferson Davis, the Confederate President as to his reasons for leaving the Union. Economic and social reasons will be explored as well.

9:30-10:40 Enrichment Classes

K-2 Math Games  
Sibigtroth
This class will focus on the review of grade level math concepts such as multiplication, division, decimals, subtraction, place value, story problems, and fractions using games. The smartboard, computers, dice, cards, etc. will be used to practice skills.

K-2 Cheerleading  
Dolan
This class will teach basic motions, jumps, formations, cheers, dances and incorporate cheer games.
**K-4 Fit Kids**  
Aimed for students to continue working on fitness levels to improve overall health and well being. Fun fitness activities to promote energetic and supportive atmosphere for all to enjoy.

**K-4 No Bake Cooking**  
Does your child have a knack for creativity? Does he/she like eating gooey and fruity desserts? Well, then your child will enjoy making delicious desserts that require absolutely no baking. Children enrolled in this class will learn how to make desserts ranging from Rice Krispy Treats to Jello Pizza without ever turning on an oven! Additionally, your child will increase their culinary skills while preparing flavorful and yummy desserts that the whole family can enjoy.

**K-2 Adventure Fantasy**  
Do you like adventure stories? Do you like magic and unexplained things? Join us for a fun class filled with adventure and fantasy stories! After each story we’ll do an art project or another fun activity, including writing our own adventure or fantasy story!

**1-3 Take a Ride on the Magic School Bus with Ms. Frizzle**  
Join Ms. Frizzle and her class on exciting adventures exploring air, land, and sea. We will use experiments and activities to discover more about these fascinating areas.

**1-3 Dragons, Dragons, Dragons Everywhere**  
You always hear about the brave knight and the beautiful princess in stories. But what is up with the fiery dragon? Come and read some great stories all about dragons. We are going to make projects, perform a play about dragons, create dragon snacks and create some very fiery dragons of our own.

**1-3 Word Whiz**  
Let’s play with words! This class will provide word work practice while weaving in vocabulary lessons to enhance overall reading fluency and comprehension.

**1-4 Exploring The World of Picture Books**  
Did you know that there is so much more to picture books? We will explore lots of different picture books and discuss and write about all that we can see through their eyes. Come with your imagination and your ability to enjoy reading all different kinds of books!

**2-4 Up, Up, and Away**  
Have you ever wanted to know what’s above us- in space? In the clouds? Right above your head? This class will give students the chance to explore all of the above- from learning about why humans are on the ground, to the moon, to why a bouncy ball bounces, students will learn and create projects through hands-on activities. Students will learn how to find answers to their own questions and work on problem solving using the scientific method while experimenting to make bouncy balls, paper airplanes, and a variety of objects that can fly!
2-5 **Sports Fundamentals**
Mauro
Class will teach rules and fundamental skills for both beginners and experienced players. Sports included will be baseball/softball, basketball, football, hockey, volleyball, etc.

3-4 **Math Games**
Walker
This class will focus on the review of grade level math concepts such as multiplication, division, decimals, subtraction, place value, story problems, and fractions using games. The smartboard, computers, dice, cards, etc. will be used to practice skills.

3-5 **Working with Words**
Bavaro
Work with words through a variety of fun, interactive activities! Activities will help build vocabulary, knowledge of prefix and suffix, word families, phonics, sight words, and more! This class will help you build your confidence as a writer and reader, while building your knowledge of words and how they work.

3-5 **Book and a Movie**
Dufault
In this class, we will be reading a few different chapter books. We will then watch the movie based on the book. Different activities and discussions will take place while reading. We will also compare/contrast the book and movie to discuss similarities and differences.

3-5 **Keyboarding Fun**
Monaghan
Learn basic keyboarding at your own speed. We will spend ½ the time on the Ultra Key program and the other ½ on computer games, website based typing and some project based typing to increase keyboarding speed in a fun and relaxing way.

3-5 **American Sign Language**
Vallier
A fun class that will use videos, games, and “hands-on” learning. We will be learning basic American Sign Language vocabulary for: family, food, colors, animals, etc. By the end of class, we will be able to have simple conversations in silence!

3-8 **Clay Mania**
Heinz
Do you like making things with clay? This is the class for you! ALL NEW PROJECTS! We will be making all new projects this year (in case you took the class previously). Every student will also have a chance to try wheel throwing once. All the projects will be cooked in the kiln and glazed.

4-6 **Radio Broadcast**
Wake
Students will put together 2-3 radio broadcasts using Garage Band on the computers.

4-6 **39 Clues Book Club**
Bassett
We will read the book 39 Clues and create some fun activities with it when we are done. There is even some fun computer games to do with it.
4-8 Creative and Crafty  Speck
Are you creative and crafty? Awesome! OK you don’t need to be creative or crafty, but
would love to learn. Come and join us for some fun summer crafts like; t-die, ceramics,
jeweler, fuzzy pillow or blanket, and more…

5-6 Movie Club  Coate
Come share your computer game skills with others! Students will be exploring the
Internet for educational games and blogging about those games with classmates. You will
use the blog to introduce, write reviews and rate games. Let’s have fun online!

5-8 Building for the Future  Sassetti
Interested in designing and building. How about designing and building catapults?
Come try out your hand and see what you can create.

5-8 Diary of a Wimpy Kid  Stone
Join us as we explore the world of Diary of a Wimpy Kid. Activities include creating your
own DWK art/writing journal, posters, comic strips, board games, and putting on a DWK
play. We’ll examine what other books are out there that relate to the themes in the DWK
series, and investigate characters in the books and the types of things they like to do!

5-8 Forensic Science  (Continuation from 1st period)  McRee
Students will learn to understand concepts of forensic science by doing activities to solve
a mystery as they study forensic science lessons. The activities we will complete provide
students with hands-on opportunities to apply science process skills as we learn forensic
science techniques. The students will learn the basics of crime scene investigation, how
to analyze print and trace evidence, ways to identify each individual (fingerprints, blood,
DNA, facial reconstruction, handwriting, and voice identification), and the steps that are
taken in bringing evidence to court.

5-8 All Star Activities  Burns
I will have a new sport/activity each day for the students. I will teach them all the basic
fundamentals of each sport with an assortment of different activities. I will then allow
the students to play in modified games so that they are able to put those fundamentals to
work. Some of the games that I will cover are flag football, soccer, basketball,
volleyball, baseball, kickball, floor hockey, badminton, and track and field.

5-8 Exploratory Music-Drums, Xylophones, and Steel Pans  Smith
Students will perform on classroom instruments, learn about various
musical cultures, play musical games, create music with Garage Band, and strengthen
their current musical skills. Students must already know how to read music to participate
and/or be taking musical lessons (band) in or outside of school.
6-8 Basketball  
Goschy
Students will learn the fundamentals of basketball while working on recognizing the importance of teamwork, confidence, and determination. Students will have opportunities to play games against their peers while keeping these core values in mind.

6-8 Who’s Got Game  
Lacroix
Games, Games, and more Games. Do you like a challenge of working on a team? We will strengthen teamwork and strategizing by playing board games and simply having fun. Board games like Cranium – have your head thinking and body moving. Taboo—watch what you say, say what you can!

10:45-11:55 Enrichment Classes

K-2 Adventure and Animals  
Gheysen
Do you like stories about animals? Come join us for some exciting stories about some silly animals! We’ll read about pirate rabbits, flying frogs, cows that lay eggs, and many more. We’ll do some fun activities and art projects with each story and even write our own animal adventure!

K-2 Computer Club  
Dufault
Play educational and fun games while learning to use the computer better. Activities will include Education City, keyboarding practice, math and other learning games.

K-2 Create a Superhero  
Stone
Come and create your own superhero! We will be looking at what makes superheroes "super" while learning about the comic book/graphic novel format. Once you decide what type of super powers your superhero has, and what s/he looks like, you will get to create a model of your superhero and his/her lair, write and illustrate your own comic book featuring your superhero, and play superhero games with your classmates.

K-2 Arts and Crafts  
Bassett
Are you creative? Do you like drawing, sketching, painting and gluing? This might be the class for you.

K-4 All Star Activities  
Burns
I will have a new sport/activity each day for the students that would be appropriate for these age levels. I will teach them all the basic fundamentals of each sport with an assortment of different activities. I will then allow the students to play in modified games so that they are able to put those fundamentals to work. Some of the games that I will cover are flag football, soccer, basketball, volleyball, baseball, kickball, floor hockey, badminton, and track and field.
1-3 Travel the World with Jack and Annie Mayer
on our Magic Tree House book tour
Come travel the world with Jack and Annie through the joy of reading! Our first adventure will take us to Hawaii. We will have fun adventuring through the books!

2-4 Bailey School Kids Peterson
Focused on the popular series of The Bailey School Kids, we will be reading several of the books from the series. We will be getting to know the main characters from the stories and also the creepy teachers from the books. We will be making projects, acting out parts of the story and really getting to know these great characters and books.

2-4 Cheerleading Wake
Students will learn a variety of cheers and put together a cheer routine.

3-4 Cooking Walker
Do you love helping your parents in the kitchen? You will learn how to prepare simple recipes that you can make on your own. We will write our own cookbook with all the recipes from class.
* There is no extra materials fee for this class. Supply lists will be sent home each week with a list of ingredients to be purchased. Please bring a 3 ring binder for the cookbook. *

3-5 Math Mania Sibigtroth
Come join the fun! In MATH MANIA we will play tons of math games involving cards, dice, and other manipulatives. We will play games in small groups and in partners! You will even get the opportunity to design, create, and play your very own math game! What better way to keep up your math skills, while having fun playing games! Come join the fun! You won’t believe what you will learn!

3-5 Mysteries, Maps, and Riddles Grazier
What’s black, white, and read all over? That was an easy one- a NEWSPAPER!!! It will get a little more difficult in this jam packed class! Students will explore maps using codes, latitude and longitude. Figuring out a mystery or riddle is not so easy for everyone, but we will learn different math, social studies, and reading skills that will assist students when they are stumped! Are you ready for a challenge?

3-5 Everyday Math Games Bavaro
Build your math skills through a variety of fun, interactive math games! Games will focus on place value, number sense, money, time, fractions, multiplication, and more! This class will have you getting up, moving around, and have fun while improving your math skills!
4-6  **Rebecca Caudill Book Club**  Speck
LOVE to read, discuss, debate your favorite books? Come and join us on an adventure into new texts as we listen and read the new Rebecca Caudill’s for 2012. Get a head start on the best READS of the year! Bring your breakfast, wear your PJ’s, and bring a pillow and a comfy blanket as we get cozy inside or outside and escape to new places and meet new characters.

4-6  **Computer Games**  Barna
Students will have the opportunity to try out new computer games that the district has along with online computer games.

5-6  **Book Club**  Coate
Do you LOVE to read? Join our book club and share your love for reading with others. Members of our club will participate in author studies, discussion groups, and creative novel projects. Projects include your choice of hosting book talks, readers’ theatre, novel-art projects, and computer projects. Keep your reading skills strong over the summer by joining our club!

5-8  **Running Club**  Lacroix
Never been a runner? Been a runner all your life? This club is for everyone. Come join us in training our bodies how to or improve your run. Modeled after the **Couch to 5K Running Program**, we will work our way to being able to run a 5K by the end of Summer Academy. You can do it!

5-8  **Exploratory Music-Drums, Xylophones, and Steel Pans**  Smith
Students will perform on classroom instruments, learn about various musical cultures, play musical games, create music with Garage Band, and strengthen their current musical skills. Students must already know how to read music to participate and/or be taking musical lessons (band) in or outside of school.

5-8  **Puzzle Time**  Coate
Come solve a puzzle, or two! We need students with excellent puzzling skills to solve jigsaw puzzles or math puzzles, think Sudoku. Puzzles will be glued together; creating beautiful artwork that will be displayed at school or home.

6-8  **Reader’s Theatre**  Dolan
We will be reading different reader’s theater scripts and learning how to interact with other characters, making props and costumes. We will focus on one script toward the end of the session and put on a mini performance!

6-8  **Girls Basketball**  Mertel
Camp designed for girls interested in trying out for school team or looking to improve on individual and team basketball skills.
6-8 Keyboarding Fun
Learn basic keyboarding at your own speed. We will spend ½ the time on the Ultra Key program and the other ½ on computer games, website based typing and some project based typing to increase keyboarding speed in a fun and relaxing way.

6-8 American Sign Language
A fun class that will use videos, games, and “hands-on” learning. We will be learning basic American Sign Language vocabulary for: family, food, colors, animals, etc. By the end of class, we will be able to have simple conversations in silence!

6-8 Seven Keys to Success
7 Keys To Success, teaches your student how to be more successful in the classroom through 7 important skills that will be taught. These skills include; note-taking, test-taking, organization, how to use tools of organization, goal setting, time-management, strategies tackling procrastination, improving writing skills, working well within group settings all to help the student become more successful in the classroom.

11:55-3:00
K-4 Activity Camp
Participating students will take part in a variety of fun athletic activities that will build not only your child’s athletic skills, but also his/her sportsmanship skills as well.
Children in activity camp that are enrolled in morning classes should bring a sack lunch.
THIS CLASS HAS A COST OF $190.00 before April 22 or $200.00 after.

5-8 Activity Camp
Participating students will take part in a variety of fun athletic activities that will build not only your child’s athletic skills, but also his/her sportsmanship skills as well.
Children in activity camp that are enrolled in morning classes should bring a sack lunch.
THIS CLASS HAS A COST OF $190.00 before April 22 or $200.00 after.
Student Registration Summer Academy 2011

Enrollment based on the date registration is received. All classes have a minimum number of students required and may be canceled if minimum enrollment is not met. Making a Second Choice is important. Students may sign up for 1, 2 or 3 concurrent courses.
