Grading Window

The grading window is the name for the period of time you are allotted to post your grades in Infinite Campus. Each term, the grading window opens on a specified date, and marks the beginning of the time in which you can post your students’ term grades, make comments for the report card, and complete the P’s and G’s. The grading window closes on a specified date so that report cards can be processed, printed, and distributed to students’ families in a timely manner. Once the grading window closes, you will need to ask your principal to re-open it.
