August 2017

Dear Parents and Guardians:

I am very excited about beginning our 2017-2018 school year! Our District has made great strides in moving towards a more unified and cohesive educational community.

Why is this important? We want to make sure that your children are experiencing the best education possible. Teachers from across the District are working together in Professional Learning Communities, to identify the appropriate curriculum targets. This includes all subject areas from math to social science to music and even physical education! Teachers from all buildings are meeting and talking together during our late starts. They are learning from each other and by that interaction, identifying best practices and strategies to engage your children in learning. I am very proud of our staff and the passion they have for the D46 students.

Last year our theme was One District-One Direction, Destination Discovery. We spent last year in the “discovery” phase. This year our theme is “One District-One Direction, Charting Our Course.” It is our goal to chart the best course for our students.

We are partners in your child's educational growth. At any time, please feel free to contact me or your building administrator with suggestions, questions or concerns. We want to keep the lines of communication open! We are looking forward to a great year!

Sincerely,

Ellen Correll
Superintendent

Community Consolidated School District 46 will provide an educational environment that maximizes the potential of ALL students to be prepared for life’s opportunities while developing a lasting appreciation for learning.
